Profile

	Job asks for	Candidate
Experience	6+ years	6 years
Seniority	senior	senior
Education	bachelor	bachelor

Features behind the score

The engineered half of the matcher's input. The other half, TF-IDF over the resume and the job description, is not broken out per score.

Feature	Value	Meaning
required skill coverage	1.000	Share of the job's required skills the candidate lists; 1.0 if the job requires none
preferred skill coverage	0.667	Share of the job's preferred skills the candidate lists; 1.0 if the job prefers none
skill jaccard	0.714	Overlap between the job's skills, required and preferred, and the candidate's, over their union; 0.0 when both are empty
experience gap	0.000	Years short of the job's minimum, divided by 5, capped at 1.0
experience surplus	0.000	Years beyond the job's minimum, divided by 5, capped at 1.0
seniority distance	0.000	Seniority levels between candidate and job, either direction, as a share of the widest possible gap
seniority direction	0.000	seniority_distance with a sign: negative under-levelled, positive over
education fit	1.000	1.0 when the candidate meets or exceeds the education required, down to 0.0
